

Anonymous- TreeNode Wasteland

The Who- Baba O'Riley

Out here in the trees
I count all my leaves
I get my parents to be bigger
I don't need to write
myNode.right
I don't need to recurse

Don't try
Don't traverse that side
It's only a TreeNode wasteland

Owen take my hand
Travel down to the land
Of leaf node desires
And don't look over your shoulder
Pre-order traversal is here
In-order I hold dear
Lets link nodes together
Before we get out of order

TreeNode wasteland
It's only TreeNode
TreeNode
Oh, yeah
TreeNode
They're all wasted!
