Social Networking with Alice Lesson

1. Review
Student Resource Officer speaks to students about the legalities and responsibilities of technology and society the day before this lesson. We review the key ideas of laws, methods of handling problems, etc. Play a few videos from netsmarz.org.

2. Statement
How does social networking impact your world? Create an Alice world that demonstrates this.

3. Activity
Use objects, billboards to create the setting. Add movement and words to tell your story. Set camera shots to create new scenes. Add a sound effect.

4. Assessment
The finished world meets the criteria of all of the requirements for mastery.

Finished teacher world: Social Networking.a2w

National Tech Standards 3-Nature of Technology, 1,2,3
4-Tech & Society 3,4,6
