Margaret Able

Plan for using ComputerWorld.a2w in Computer Skills & Applications course

At the beginning of each course many students do not know the parts of the computer. This Alice world will be used to review/learn the parts of the computer. It can be placed on the website so students entering class later during the year can view.

Plan for using computerKeysQuiz.a2w in Computer Skills & Application course

During section about operational keys, this Alice World can be used to review the keys with the students. This can be used a study tool prior to a test.
