Lesson Plan: How do I find technology help?
Leah Powell
Instructional Technology Facilitator
Granville County Public Schools

Materials
Alice Program
Technology Device

Objectives
● Granville County Public School staff (and students) will understand how to find technology help throughout the county through the use of an Alice World.
● Granville County Public School staff will demonstrate understanding of logging a ticket through creating an Alice World, Prezi, Google Slide or other presentation method.

Focus and Review (Warm-Up)
1. Ask: Why request technology help - provide examples of why help would be necessary

Teacher Input (Model)
1. Present the Alice world with information regarding how to find technology help.
2. Learners will take notes on the how to process and come up with write ups to submit for technology help.

Guided Practice
1. The scenarios are used in order to review the process of logging a ticket together as a whole group.

Independent Practice
1. Redefine the information by creating their own presentation to provide to their students in order to receive technology help.

Closure
1. Presentations will be shared and the process will be reviewed.
