Fred Reed Granville Co. School's
"Fair" Exceptional Children's
Teacher

I. Focus & Review (Warm Up)
The students will warm up adding amounts of money, i.e.,
1.50 + 2.50 etc., including all the amounts in the world which are 4.50, 3.50 + 1.50.

Also, reading the words is important.

II. The objectives: For the students to add without using a calculator. Have the students read the fish questions.

III. The Teacher will guide the answers so they can get a correct answer.

IV. Guided Practice (Assessment & Feedback)
Get the student to add as many money problems so no one will take advantage of them.

V. Use different amounts of money.

VI. Add other items i.e., grocery store trip.
