

## Duke University Department of Computer Science

The Department of Computer Science at Duke University invites applications and nominations for faculty positions at an assistant professor level, to begin August 2010. We are interested in strong candidates in all active research areas of computer science, both core and interdisciplinary areas, including algorithms, artificial intelligence, computational economics, computer architecture, computer vision, database systems, distributed systems, machine learning, networking, security, and theory.

The department is committed to increasing the diversity of its faculty, and we strongly encourage applications from women and minority candidates.

A successful candidate must have a solid disciplinary foundation and demonstrate promise of outstanding scholarship in every respect, including research and teaching. Please refer to <http://www.cs.duke.edu> for information about the department and to <http://www.provost.duke.edu/faculty/> for information about the advantages that Duke offers to faculty.

Applications should be submitted online at <http://www.cs.duke.edu/facsearch>. A Ph.D. in computer science or related area is required. To guarantee full consideration, applications and letters of reference should be received by January 3, 2010.

Durham, Chapel Hill, and the Research Triangle of North Carolina are vibrant, diverse, and thriving communities, frequently ranked among the best places in the country to live and work. Duke and the many other universities in the area offer a wealth of education and employment opportunities for spouses and families.

Duke University is an affirmative action, equal opportunity employer.
