

Title of Sample SIGCSE Workshop

Your name, *university or other affiliation*

co-presenter name, *affiliation*

Put your at most 100 word description here. For example: This workshop introduces participants to CS education in orbit. We present weightless teaching techniques and advice for transferring Earth-bound curricula. Participants receive handouts describing techniques, worksheets for designing new techniques, and copies of Space Agency recommendations. The workshop proceeds in three sessions in which we: present one technique (such as sensory immersion); practice in simulated weightlessness; and critique in small groups. Further information is at: <http://perhapsincludeurl>. Remember that the description should be at most 100 words. It should help potential participants and future readers assess their interest.
